Best Practices-

i-Envoremental Conciousness : Generating Environmental awareness through student motivation The Context: Environmental consciousness is the need of the hour given the approaching dangers of climate change and environmental degradation. Scientist and activities, the world over are working day and night to find out possible methods to fight their menace. We as academicians and parts of the society are also responsible for generation of environmental awareness among our students who are the torch-bearers of tomorrow, the institution has taken up the issue seriously and devised certain practices for environmental protection and awareness. The Practice: Following practices are duly performed for the purpose

- 1.Students and staff have been instructed to switch off the lights and fans when the class-room is not in use.
- 2.All high wattage bulbs of the college have been replaced by CFLs and LED lights to reduce power consumption.
- 3.All equipments used are energy efficient with high star value
- 4.Solar Panels and lights have been ordered to make use of renewable energy
- 5.Garden based like twigs, leaves and flowers etc are composted and not burnt.
- 6.Toxic wastes like laboratory chemicals are not mixed with normal wastes. 7.Use of polythenes has been minimized.
- 8.Potted plants have been placed in the corridors to increase green cover.
- 9.On line and soft copies of documents are used more and more to reduce the use of papers.
- 10.Old paper waste is recycled and not burnt.
- 11.Tree plantation drives are conducted each year to increase the green cover of the College. 12.Environmental awareness
