## Workshop and Training

The workshop and training session on research methodology aims to equip participants with essential skills and knowledge required for conducting high-quality research. It focuses on both theoretical and practical aspects of research to enhance participants' ability to design, conduct, and analyze research effectively.

- The workshop includes lectures, interactive sessions, group discussions, and practical exercises. Participants will have opportunities to engage with real-world research scenarios and receive feedback from experienced facilitators.
- The training is designed for students, researchers, and professionals from various fields who seek to improve their research skills and methodologies.
- Participants will gain a comprehensive understanding of research methodologies, enabling them to design and conduct research with greater confidence and competence. They will be better equipped to handle various research challenges and contribute effectively to their respective fields.
