ANNUAL E-GOVERNANCE REPORT (2018-2019)

1. Automate and streamline processes to reduce manual work, minimize errors, and improve productivity.
2. Implement biometric attendance process.
3. Establish a unified digital platform for storing, managing, and retrieving data, ensuring easy access for authorized users.
4. Provide seamless, user-friendly access to essential services for students, faculty, and staff.
5. Promote transparency in operations and decision-making, with clear records and accountability for all transactions.
6. The initial phase involved a detailed analysis of the college's existing processes and the identification of key areas that would benefit from automation such as attendance and library. Stakeholders from different departments were involved in defining the requirements, leading to the selection of an ERP system that could address the college's specific needs.
7. Reduce operational costs by minimizing reliance on paper-based systems and reducing administrative overheads.
